

EXTRUTECH Easy Life™

# RUSTIC WOOD COLLECTION

## INTERIOR WALL AND CEILING PANELS

If you've been thinking of updating the look of some of the hardest working spaces in your home, consider Extrutech's EasyLife™ Rustic Wood Collection which offers panel designs of the most popular decorating trends. Add durable beauty to the kitchen, bath, recreation room or sunroom with Extrutech's EasyLife™ Rustic Wood Collection. This collection offers several of attractive designs of rough saw shiplap and wood grain panels. It is easy to install with simple tools for instant durable beauty! Once you've installed it, maintenance is easy. Just wipe it clean with soap and water. Resists the splashes and spills of everyday household activity, for years of durable beauty.

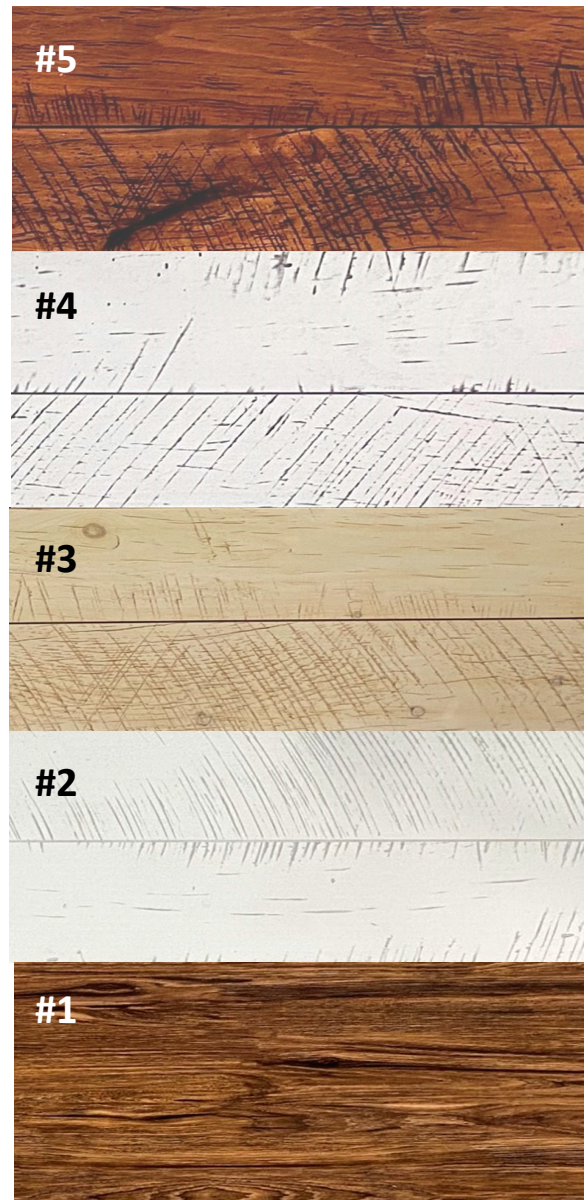

This product is completely water and mildew proof. It always looks fresh and clean! These interlocking panels install quickly with a tongue and groove design, just use fasteners through the pre-punched fastener strip that are covered with the next panel. Once installed, the fasteners are covered for a clean, crisp, professional look. This fresh design provides a smooth easy-to-clean surface, perfect for walls and ceilings.
